DRESS TO IMPRESS

Promotions and fashion united
Putting the style into team building, Label helps promote positive unified spirit with fashion-conscious clothing that's both comfortable and good-looking. From the easy-going simplicity of US Basic's everyday apparel to Slazenger's retro sportswear and Elevate's innovative active lifestyle-oriented collection, Label gets everybody dressed to look the part.

Expanded options
This Label End of Year edition features favourite winter pieces from the current collection and includes 17 new styles. An extended colour pallet also means you now have more choice than ever for customised clothing.

Recognised quality
Our recently introduced active lifestyle brand Elevate is continuing to gain momentum. In 2014 the Mani power fleece jacket collected an iF award while the Caledon down parka picked up both an iF and a Red Dot design award. For high performance and original good looks, this exclusive range is proving hard to beat. All Elevate apparel is Oekotex® certified free of harmful substances.

Decorate it your way
A choice of decoration techniques let you customise your Label items to suit your preferred look. Debossing, laser engraving, screenprint, embroidery and transfer are all available.

Enjoy promoting with Label!

ELEVATE

‘LIFE IS SPORT AND SPORT LIVES IN LIFE’

Combining innovative fabrics with urban style, Elevate is an energetic active lifestyle brand that reflects our passion for design, innovation and personal expression. Conceived in 2006, it burst onto the world stage as the 2010 Vancouver Winter Olympics licensee. Since taking that opportunity to showcase its leading design and universal appeal, Elevate has attained a global presence and won prestigious Red Dot and iF awards.

Following on from the recognition received in 2013, Elevate continued to collect awards for its innovative achievements. The iF International Forum Design gave both the Mani power fleece jacket and the Caledon down parka Design Awards. Meanwhile, the Caledon down parka also added a Red Dot Design Award to its trophy cabinet.

Elevate’s fashion-aware apparel is expertly constructed from high quality technical fabrics, finished with equally excellent trimmings and is confirmed to be within independently tested limits for presence of specified harmful substances (Certified OEKO-TEX® Standard 100). And that’s not all – an exciting range of lifestyle bags, caps, winter headwear and sunglasses is also available to complement the collection. With the addition of laser engraving and debossing to the choice of decoration techniques, Elevate can now be customised to an even higher standard for unique appearance.

This year our broad collection of T-shirts, polos, sweaters, fleeces, bodywarmers and jackets has been extended with ten new models. Check out the new Manitoba Shirts, Vaillant Shirts, Hamilton Shirts, Nunavut Shirts and Spruce Pullovers. All these, plus a wider choice of colours for Nanaimo T-shirts and Calgary Polos are designed to get the whole team dressed for success in the new year.

Slazenger is a leading global sports company with a long and distinguished history. Its timeless sportswear oozes vintage style while meeting modern demands for quality construction. Slazenger's trusted reputation is upheld throughout its collections of sportswear, leisurewear, bags and accessories that provide a winning combination of style, comfort and functionality.

This year's Slazenger collection has been expanded with four new styles in Backspin T-shirts and Hacker Polos. In addition, the popular Hawk jacket, introduced in this year's main catalogue, is now available in more colours.

Slazenger

US Basic is a one-stop-shop for all your favourite basics at the best price-quality ratio. This established value brand offers an incredibly versatile collection of textile essentials, with a broad spectrum of styles and sizes from S to 4XL shaped to fit men, women and kids of all ages. A wide range of both bright and basic colours means this affordable range of key essentials always has something for everybody.

Continually adding to its extensive choice, the US Basic collection has another three new styles in Jackson hooded sweaters and the Montana Quarter zip fleece. Meanwhile the Striker T-shirts and Polos are now available in a wider range of colours.

FIND OUT *YOUR FITTING*

A TAILOR FIT:
Garment with a more fitted waistline and an overall tighter fit, which accentuates the wearers body shape.

B REGULAR FIT:
Garment with a straight cut waist line which skims the body being neither too lose or too tight.

C RELAXED FIT:
Garment is loose and comfortable and drapes over the body for a more relaxed fit.

DECORATION *INFORMATION*

DEBOSSING

Debossing creates an indented image by applying a die to heat-pressed area.

• Creates an unique 3D look • Apply to almost any location • Subtle tone on tone look
• Great choice for waterproof garments • Not suitable for white garments

LASER ENGRAVING

Laser engraving is achieved through using a laser beam to precisely etch decoration into a surface.

• Decorate virtually any location • Unique tone on tone • No puncture of the garment. Perfect for technical fabrics
• Used only on synthetic garments • Design for decoration on bright coloured fabric
• Not suitable for white, black and dark blue garments

SCREENPRINT

Screen printing or silk sceen is a printing method where the image is imposed on a mesh screen with blank areas coated with an impermeable substance. Inks are then pressed through the mesh screen to produce clear, sharp images.

• Economic choice for large multicoloured decoration • Great choice for a destressed look and feel
• Ideal technique for fleece

EMBROIDERY

Embroidery is decorating a fabric by stitching thread in a pattern.

• Classic decoration technique • High value look • Tread colours to match any logo
• Up to 12 colours per embroidery • High impact wool stitch

TRANSFER

Transferring is done by first creating a screen print image on paper and then using heat and glue to transfer it onto the chosen garment.

• Perfect for logos with many colours • 4 Colour process or PMS spot colour • Allows for extreme detail like small text • Free standing text • No contours required • Large sizes available • Maintains integrity of waterproof fabrics

Available for Men, Ladies and Kids

Available for Men and Ladies

Up to 3XL: This style is available up to size 3XL

XS: This style is available in size XS

2XS: This style is available in size 2XS

Tailor Fit: Garment with a more fitted waistline and an overall tighter fit, which accentuates the wearers body shape.

Regular Fit: Garment with a straight cut waist line which skims the body being neither too lose or too tight.

Relaxed Fit: Garment is loose and comfortable and drapes over the body for a more relaxed fit.

Hooded: This style has an integrated hood.

Detachable hood: The hood of this style can be removed.

Pre-Shrunk: The fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

Anti-pilling: The fabric is treated to prevent pilling.

Shoulder to shoulder tape: The inside of the neckline has been covered with tape from shoulder to shoulder. This enhances comfort.

This style uses YKK® zippers. YKK® is the world's leading zipper brand and represents high quality.

Cool Fit: Cool Fit is a fabric with moisture management properties. It transports the moisture through the fabric and keeps you dry.

Breathable: Breathable is indicated with MVP (Moisture Vapour Permeability). The amount of water vapour that passes through the fabric to the outside but remains water resistant.

Water repellent: The fabric is treated to withstand water.

Water resistant: The fabric is treated to be non-water absorbent.

Waterproof: Waterproof is indicated in millimetres. From 1000 mm, fabric can be called waterproof.

Windproof: Windproof is indicated in mph. The wind will be blocked by the fabric and keeps the warmth inside the garment. When the garment is already waterproof you can call the garment also windproof.

Taped seams: The seams of this style have been taped. The combination of taped seams and waterproof fabric makes a style 100% waterproof.

Easy care: Easy to iron.

RULES & REGULATIONS OVERVIEW

TEST METHOD / STANDARD	EUROPEAN DIRECTIVE / REGULATION	CATEGORY	REMARKS
AZO	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments & Caps	Certain Azo dyes can degrade to form carcinogenic or suspected carcinogenic amines.
PHENOLS (PCP/ TeCP)	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	TeCP are lower derivatives of PCP & has similar properties, used to prevent mold when growing cotton and when storing/transporting fabrics.
PHENOLS (PCP ONLY)		Wooden products - (Children's & Food Contact)	PCP is a polychlorinated compound used as a preservative to wood, leather, and textiles. PCP is persistent in the environment, harmful to human health, and toxic to aquatic environments. Burning products with PCP may produce highly toxic substances.
PHTHALATES	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments & Children's product	Phthalates are a class of organic compounds added to plastics to increase flexibility. Phthalates are released from plastics and may cause damage to the liver, kidneys, or other organs.
CADMIUM	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	All Products	Cadmium is a heavy metal and class 1 carcinogen, exposure to cadmium over a long period of time via food, water, or air can cause kidney and lung damage, prostrate cancer, and reproductive damage.
APEOs	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	APEOs are know endocrine disruptors, they are oestrogenic, and have carcinogenic properties that affect the hormonal system.
PFOS	2006/ 122/EC Maximum Concentration Values of PFOS	Textile Garments	PFOS are animal carcinogens and have been found to potentially cause liver problems, testicular tumors, mammary gland tumors, prostate gland problems, and endocrine disruptive effects, among other things.
FORMALDEHYDE	NATIONAL LEVEL ·Decree 210/1988, Finland ·Official Gazette, France ·Gefahstoffverordnung, Germany ·The Dutch Commodities Act, Netherland ·Product Regulation No. 922, Norway	Textile Garments & Caps	Formaldehyde is a volatile compound used widely in apparel and textile manufacturing as an anti-creasing and an anti-shrinking agent. In addition, formaldehyde is often used in polymeric resins (e.g. phenol-formaldehyde and urea-formaldehyde). Formaldehyde is a suspected carcinogen. In addition formaldehyde is an irritant and may cause allergic reactions.
ALLERGENIC DYESTUFFS	NATIONAL LEVEL § 30 of Food and Commodities Act, Germany	Textile Garments	These dyestuffs enters the body through the skin which causes allergenic contact dermatitis
CARCINOGENIC DYESTUFFS	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Textile Garments	Have substances acting as an agent or promoters making the body cells susceptible to DNA damage
BENZENE	EC/1907/2006 REACH Regulation Annex XVII – restriction on the manufacture, placing on the market and use of certain dangerous substances	Air freshener Markers Glue	Benzene can be used in a variety of products, for instance as stabilizer in plastics and certain types of rubber. Benzene is both toxic and carcinogenic, and the presence of benzenein toys & consumer products has therefore been restricted.
NICKEL		Wrist-watch cases, watch straps, rivet buttons, tighteners, rivets and zippers and metal marks contained in or intended to be used in garments	Nickel can cause allergic contact dermatitis (ACD). Signs of ACD range from dryness, chapping and inflammation of the skin to eczema and blisters.
TOLUENE		Adhesives, Nail polish, Cosmetics, Rubber cement, paints, Paint thinners, lacquers, Stain removers, Dyes and Inks	Toluene is a sweet-smelling, industrial solvent and a volatile organic compound (VOC).
